

Dewmar International's CEO Receives Congressional Award of Excellence

HOUSTON, TX, August 6, 2013 (Accesswire) - Dewmar International BMC, Inc. ([DEWM](#)) ("Dewmar" or "the Company"), announced today that the Company's CEO, Dr. Marco Moran, has received a congratulatory award for being a multi-diverse company from the Honorable U.S. Congressman Bennie Thompson of the 2nd District of Mississippi. "I couldn't be more humbled to receive such a prestigious award, from such a prominent individual like Mr. Thompson," stated Dr. Marco Moran. "This award means so much more to me than being a successful business owner in Mississippi. This award represents the fact that Dewmar International has made such an impression in our local community, that Congress has taken note and is awarding us for employing diversity and increasing trade in the international marketplace."

While Mr. Thompson was unavailable for immediate comment, it is believed the Dr. Moran was chosen for this award due to his level of aggressiveness and willingness to learn in a dramatically changing economy. Dr. Moran is currently enrolled in an Executive SBA Emerging Leaders Program in New Orleans and continuously exhibits traits of honesty and integrity, which takes priority in the Dewmar International Organization. "We believe in continuous transparency for our shareholders, which is why we are traded on the top-tier of the OTC Markets," continued Dr. Moran. "During my MBA education, I gained invaluable strategic planning and execution expertise which has propelled us to where we are today."

As a U.S. Veteran and former Olympic Athlete, Dr. Moran exhibits all of the characteristics needed to mobilize a company in an emerging sector, from the OTC Markets platform to the NYSE or NASDAQ big boards. Dr. Moran concluded, "It is our goal and intention to leverage our relationship with Congress, with new distributors and with major retail outlets, to make that jump to the big boards as quickly as possible. We wouldn't be the emerging Company that we are today without the support of our shareholders whom we intend to take very good care of with the further execution and implementation of our business plan."
