

Dewmar International BMC, Inc. (DEWM) and India Imports Announces Donation of Kush Cakes Relaxation Brownies to Hurricane Irma Evacuees in Florida

MIAMI, FL--(Marketwired - Sep 21, 2017) - [Dewmar International BMC, Inc.](#) (OTC PINK: [DEWM](#)), a diversified brand management and operating company announced that Dewmar and its largest Louisiana distributor, India Imports d/b/a International Wholesale Club, have donated a substantial amount of Kush Cakes to assist Hurricane Irma victims who temporarily reside in shelters throughout Florida.

"One of our Dewmar shareholders who runs a non-profit organization, Believe and Achieve, works closely with victims of Hurricane Irma who are temporarily residing in shelters in the greater Jacksonville area. We are sending the non-profit organization and our Orlando [Kush Cakes](#) distributor many cases of the relaxation brownies in order to ease the stress that evacuees have accumulated after being displaced from their homes and to help them get better sleep at night," says Dr. Marco Moran, CEO of Dewmar International.

Dewmar has a full plate of activities on its agenda resulting from cannabis research, seeking licensing opportunities in multiple states for its subsidiary [U.S. Hemp Corporation](#), and the recent grand opening of [Willie's Duck Diner](#). However, after back to back hurricanes with one affecting a city where Dewmar has had an office for over 5 years; the Company and its staff felt that it was imperative that they take time out of their strategic planning to give back to these less fortunate communities.

"I feel that I will personally be blessed, as well as supporters of Dewmar, by making sure that I take time away from the daily grind of trying to make Dewmar a success to share what we have worked hard to create with others," Dr. Moran continued. "The President of India Imports agreed with me and he is participating in sharing some of the costs of the related expenses as he has shipped [Kush Cakes](#) inventory from his largest facility, International Wholesale in Metairie, LA to Florida at my request, plus he sent 4 truckloads of bottled water to Houston a couple of weeks ago," said Dr. Moran.

Mr. Hiren Shah, CEO of India Imports, and Dr. Moran speak almost weekly either in-person or via mobile phone as they work through the vast amount of information needed to prepare the most beneficial merger/acquisition deal. One thing that has been mutually agreed upon is that Dewmar International must first become a fully reporting entity prior to the finalization of the deal. For the past several weeks, Dewmar executives have been conducting job searches and interviews for junior and senior accounting staff to work either from its Houston and/or Clinton offices. The goal is to provide a timelier accounting process as opposed to outsourcing it in the past which proved to be slower and less efficient. The Company still has its newly engaged Colorado auditing firm in place to review its new accounting team's financial reports. In order for the Company to become current, the past two years financials must be audited.
