5) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

- A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Manufacturer, wholesaler, and marketer of edible relaxation products

The Issuer, Dewmar, established business relationships with contract manufacturers who are contractually obligated to manufacture and produce the Issuer's main product, Kush Cakes. Kush Cakes is a premium relaxation chocolate brownie that is manufactured at an Arizona Department of Health certified commercial bakery in Arizona. Kush Cakes was formulated by the Issuer's former CEO and has been sold at US retailers since 2011.

The Company currently is focused on the processing, and sale of products derived from legal industrial hemp and manufacturing, marketing, and selling baked goods under the brand name, Kush Cakes.

- B. Please list any subsidiaries, parents, or affiliated companies.

United States Hemp Corporation – United States Hemp Corporation is a Nevada based S Corporation that operates as a wholly-owned subsidiary of the Company. Donald Hunter is the sole officer and director of United States Hemp Corporation. United States Hemp Corporation shares the same contact information as Dewmar. United States Hemp Corporation, has invested in two cannabis media programs which are Weed for Warriors and The Collective. Weed for Warriors is an educational documentary that videos the journey of several disabled veterans traveling from San Francisco, CA to Washington, D.C. on the eve of Veterans Day to promote their primary mission of trying to convince United States government officials of how medical marijuana can provide beneficial relief for veterans suffering from service related disabilities.

- C. Describe the issuers' principal products or services.

In 2018 and 2019, Lean Slow Motion Potion which was one of the company's principal products was sold into the beverage industry through big box retailers such as Walmart and convenience stores. The company's other principal product, Kush Cakes was sold through smoke shops and convenience stores as a baked good. In June 2017, Dewmar signed a licensing agreement with KW Brands, LLC in June 2017 to be the owner of Willie's Duck Diner, LLC a celebrity-based Louisiana Cajun cuisine traditional restaurant. Subsequent to the current financial period, Dewmar discontinued any business associated with Willie's Duck Diner. Dewmar subsidiary, United States Hemp Corporation, has invested in two cannabis media programs which are Weed for Warriors and The Collective. Weed for Warriors is an educational documentary that videos the journey of several disabled veterans traveling from San Francisco, CA to Washington, D.C. on the eve of Veterans Day to promote their

primary mission of trying to convince United States government officials of how medical marijuana can provide beneficial relief for veterans suffering from service related disabilities. The association with Willie's Duck Diner ended in 2018 and in 2018, Dewmar began to spend little or no time on the entertainment properties.

Therefore, the company's markets were the beverage industry and baked goods industry for in 2019. In 2018, the company's markets were the beverage industry and the baked goods industry. For part of 2018, the company also participated in the restaurant and entertainment industries.

6) Issuer's Facilities

DEWMAR INTERNATIONAL BMC, INC.
NOTES TO UNAUDITED FINANCIAL STATEMENTS FOR THE YEARS ENDED
DECEMBER 31, 2020 AND 2019

NOTE 1. ORGANIZATION AND DESCRIPTION OF BUSINESS

Dewmar International BMC (the “Company”) was formed as a Nevada corporation on August 15, 2003. The Company is a diversified operating company headquartered in Clinton, Mississippi, with offices in Ridgefield, Connecticut. The Company currently is focused on the processing, and sale of products derived from legal industrial hemp and manufacturing, marketing, and selling baked goods under the brand name, Kush Cakes. Dewmar is also in the planning stages of becoming a primary processor of legal industrial hemp in the state of Connecticut, including building a hemp processing facility in northern Connecticut.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation and Principles of Consolidation

The financial statements and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Going Concern

The accompanying unaudited financial statements have been prepared assuming the Company will continue as a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business for the twelve-month period following the date of these financial statements. The Company has incurred significant operating losses since inception.

Because the Company does not expect that existing operational cash flow will be sufficient to fund presently anticipated operations, this raises substantial doubt about the Company’s ability to continue as a going concern. Therefore, the Company will need to raise additional funds and is currently exploring alternative sources of financing. Historically, the Company has raised capital through convertible notes and private placements as an interim measure to finance working capital needs and may continue to raise additional capital through the sale of Common Stock or other securities and obtaining some short-term loans. The Company will be required to continue to so until its operations become profitable. Also, the Company has, in the past, paid for consulting services with its Common Stock to maximize working capital, and intends to continue this practice where feasible.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates relate to revenue recognition, impairment of long-lived assets, valuation of financial instruments, income taxes, and contingencies. The Company bases its estimates on historical experience, known or expected trends and various other assumptions that are believed to be reasonable given the quality of information available as of the date of these financial statements. The results of these assumptions provide the basis for making estimates about the carrying amounts of assets and liabilities that are not readily apparent from other sources. Actual results could differ from these estimates.

Revenue Recognition

Sales, as presented in the Company's statement of earnings, represents **food and beverage products sold**, and is presented net of discounts, coupons, employee meals, and complimentary meals.

On January 1, 2018, the Company adopted Accounting Standards Codification ("ASC") Topic 606, Revenue from Contracts with Customers ("ASC 606"). For the years ended December 31, 2020, and December 31, 2019, respectively, the financial statements were not materially impacted as a result of the application of Topic 606.

Cash and Cash Equivalents

The Company considers all highly liquid temporary cash investments with an original maturity of three months or less to be cash equivalents. On December 31, 2020, and December 31, 2019, the Company's cash equivalents totaled \$6,417 and \$29,318 respectively.

Income taxes

The Company accounts for income taxes under FASB ASC 740, "Accounting for Income Taxes". Under FASB ASC 740, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under FASB ASC 740, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. FASB ASC 740-10-05, "Accounting for Uncertainty in Income Taxes" prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities.

The amount recognized is measured as the largest amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. The Company assesses the validity of its conclusions regarding uncertain tax

positions on a quarterly basis to determine if facts or circumstances have arisen that might cause it to change its judgment regarding the likelihood of a tax position's sustainability under audit.

Net Loss per Share

Net loss per common share is computed by dividing net loss by the weighted average common shares outstanding during the period as defined by Financial Accounting Standards, ASC Topic 260, "Earnings per Share." Basic earnings per common share ("EPS") calculations are determined by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding.

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*, which establishes a new lease accounting model for lessees. The updated guidance requires an entity to recognize assets and liabilities arising from financing and operating leases, along with additional qualitative and quantitative disclosures. The amended guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2018, with early adoption permitted. In March 2019, the FASB issued ASU 2019-01, *Codification Improvements*, which clarifies certain aspects of the new lease standard. The FASB issued ASU 2018-10, *Codification Improvements to Topic 842, Leases* in July 2018. Also in 2018, the FASB issued ASU 2018-11, *Leases (Topic 842) Targeted Improvements*, which provides an optional transition method whereby the new lease standard is applied at the adoption date and recognized as an adjustment to retained earnings. The amendments have the same effective date and transition requirements as the new lease standard. We have adopted ASC 842 and it had no impact on our financial statements.

NOTE 3 – GOING CONCERN AND LIQUIDITY

As of December 31, 2020 and December 31, 2019, the Company had \$6,417 and \$29,18 of cash on hand, respectively. As of December 31, 2020, the Company had a working capital deficit of \$276,997 and negative stockholders' equity of \$276,998. These financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. Based on the Company's current cash needs, it believes it does not have sufficient existing cash resources to fund its current operations.

The Company currently intends to raise debt and/or equity financing to fund ongoing operating expenses. There is no assurance that such financing will be satisfactorily completed or at terms acceptable to the Company. Any issuance of equity securities, if accomplished, could cause substantial dilution to existing stockholders. Any failure by the Company to successfully implement these plans would have a material adverse effect on its business, including the possible inability to continue operations.

NOTE 4. RELATED PARTY ACTIVITY

On September 9, 2019, the Company entered into a Confidential Executive Separation Agreement ("Separation Agreement") with Marco Moran, the Company's former Chief Executive Officer. Under the terms of the Separation Agreement, Marco Moran voluntarily resigned as the Company's CEO and member of the Company's Board of Directors. At the time of his resignation, the Company owed Marco Moran approximately \$1,543,000 in loans and unpaid payroll. As part of his separation, Marco Moran agreed to waive the \$1,543,000 amount due to him in return for the following consideration:

- Donald Hunter, the Company's new CEO paid from his own funds the sum of \$150,000 in exchange for

Marco Moran's delivery of 100% of his 50,000,000 shares of controlled Preferred Stock in the Company. These preferred shares are convertible to common stock at the ratio of 50 to 1.

- The Company agreed to issue Marco Moran or his assigns 250,000,000 (Two Hundred and Fifty Million) shares of the Company's common stock. Under the terms of the Agreement, the Company will not at any time from the date of the Agreement until 18 months from the date of its execution agreement (the "Split Prohibited Period") subdivide (by any stock split, stock dividend, recapitalization or otherwise) one or more classes of

its outstanding capital stock into a lesser number of shares (such a subdivision being referred to as a “Stock Split”).

- The Company agreed to reimburse Marco Moran up to \$44,000 for expenses of the Company charged to his personal credit cards.
- The Company is required to assign and transfer all rights and title to logos and trademarks for Lean Slow Motion Potion to Marco Moran.
- The Company grants to Marco Moran, or his assigns, on an exclusive basis, all rights to online sales in the United States for Kush Cakes. Additionally, Marco Moran shall be entitled to purchase for himself, or through an entity of his choosing, Kush Cakes, at a price not to exceed a 20% mark-up to cost.
- Dewmar grants to Marco Moran a royalty on the sales of Kush Cakes ranging from 1% up to 10% for a period not to exceed six years.
- Dewmar shall provide a credit facility to Marco Moran of Two Hundred Thousand Dollars (\$200,000) at the rate of LIBOR plus 200 basis points for the financing of Marco Moran’s post-termination business activities. Marco Moran shall qualify to receive this credit facility any time after twelve (12) months of the Termination Date.

NOTE 5. STOCKHOLDERS’ DEFICIT

On September 24, 2019, and September 25, 2019, respectively, the Company sold an aggregate of 1,000,000,000 shares of restricted stock for a total of \$20,000 to Berner Collectibles, which entity is controlled by the Company’s CEO, Donald Hunter.

As of December 31, 2020, and December 31, 2019, the Company had authorized 50,000,000 shares of preferred stock, of which 50,000,000 shares were outstanding. These preferred shares are convertible to common shares at a ratio of “50 to 1” for each preferred share held.

Additionally, the Company had 4,450,000,000 shares of common stock authorized, of which 6,789,744,298 and 4,295,006,782 and were issued and outstanding as of December 31, 2020, and December 31, 2019, respectively. In February 2021, the Company increased the authorized share count to 20,000,000,000 shares.

NOTE 6. SUBSEQUENT EVENTS

In February 2021, the Company increased its authorized shares to 20,000,000. Additionally, subsequent to December 31, 2020, the Company raised \$64,500 from the private placement of 179,678,398 common share to eight accredited investors.
